WE ARE LIFE

We believe in giving back what we take. This stems from our founder's philosophy that "I am not the owner, but a privileged trustee."

Since the first sapling planted in 1977, MSPL has planted 19,90,000 trees in the last 44 years and was awarded Indira Priyadarshini Vrikshamitra Award in 2004. These trees are expected to be absorbing approximately 38,208 Tons of CO₂ and releasing approximately 2,06,960 Tons of Oxygen every year.

We are conscious about the impacts of our activities on surrounding nature and environment. **We are committed to creating a sustainable environment by conserving our bio-diversity.**
